

Sample requests must be submitted no later than Monday September 7, 12PM

Sampling Request Form

Sampling approvals are granted on a case-by-case basis and are not guaranteed. All approvals are at Sodexo Live's discretion.

Click below to access the Sampling Portal:

CLICK HERE

Per Southern Nevada Health District requirements, a sanitation station must include:

- 5-gallon hot water supply tank
- 5-gallon waste water tank/bucket
- Liquid hand soap in a pump dispenser
- Single-use paper towels
- Food-grade sanitizing wipes (no-rinse)

Water must be replenished as needed and maintained at 110–112°F.
Manufactured, sealed products do not require a handwashing kit.

The SNHD will inspect every booth each day of the event.

It is imperative that every area, or booth where food preparation, food/beverage is demonstrated or sampled that is **not manufacturer sealed**, MUST have a SNHD sanctioned sanitation hand wash kit.

Kits can be rented and picked up on site from Sodexo Live! at a designated pick up location for \$150+ state tax each or you may provide your own as long as they are compliant per the SNHD:

- A 5 gallon minimum waste tank/bucket
- Liquid Hand Soap in a pump dispenser
- Single- use paper towel
- SANITIZING WIPES MUST BE FOOD GRADE NO RINSE

Hand Sinks: Gravity Fed

Hand Sink "Sharing" Scenarios

NACSSHOW2026

EMAI

PEI

CONEXXUS

Not Approved

The following booths are unable to share a hand sink due to physical obstructions.

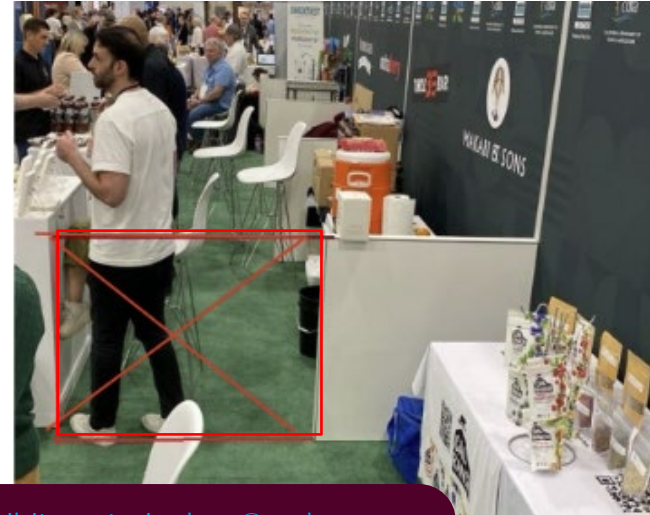

Sharing is at the discretion of the SNHD Inspector.

Yes Approved (2-3 booths)

Small booths with half pony wall, reasonably accessible

***Note:** If pony wall is extended through "red" area – NOT approved

To place your order, please email inquiries to exhibitorcateringlvcc@sodexo.com

All alcohol shipped to the convention center must be delivered to Freeman's on-site receiving location and must be clearly labeled to include customer name, booth number, quantity, and type. Please refer to the Freeman Exhibitor Kit and use the Alcohol Sampling Direct Shipment to Show Site Shipping labels and address provided. They are also provided below.

******Shipments containing alcohol cannot be shipped to any Freeman off-site location. Any alcohol shipped off-site or directly to the convention center without prior approval will be refused upon receipt. ******

- A Sodexo Live! warehouse representative will be present to oversee and enforce the initial receiving process. Freeman will maintain a database to track all products received. Product will be stored in trailers located on the LVCC loading dock for the duration of the event.
- Booth deliveries will be made by Freeman, not Sodexo Live! Freeman will maintain a list of approved exhibitors authorized to receive alcohol deliveries. Once on-site, exhibitors must visit the Freeman Storage Service Desk to schedule delivery of their product to their booth. Freeman labor will coordinate and complete the delivery. Any delivery issues should be directed to Freeman.

Sodexo Live! is not responsible for any alcohol left behind.

It is the exhibitor's responsibility to make prior arrangements with the show contractor for the removal of any remaining product from their booth at the close of the show.

With prior approval from Sodexo only personnel who hold a **valid** Nevada-approved alcohol service certification—such as SERVSafe Alcohol, TAM (Techniques of Alcohol Management), or TIPS (Training for Intervention Procedures)—are allowed to pour and serve alcohol samples and all applicable laws and policies are followed.

When the exhibitor is **NOT** the manufacturer or distributor of the alcohol product being served, a Sodexo Live! bartender is required to pour and serve all alcohol samples. A bartender fee of \$300+ and gratuity of \$150 will be applied. All labor is scheduled for a four-hour minimum.

Detailed Sampling Policies and Guidelines can be found in the Smartsheet link included within the Show Catering Kit.
